UTES NOW IN TWO BANDS.

There is No Sign of Junction With the
Cheyennes.

Sheridan, Wyo., Nov. 2.—The Utes have evidently split into two bands. The telephone reports say that one band is on Bear creek, twenty miles southeast of Birney, Mont., and that the other is camped along Hanging Women creek in the Powder River valley. Two officers and sixteen troops arrived from Birney yesterday. They report that the main command from Fort Keogh is at Ashland and has seen no Cheyennes. Colonel Angus yesterday broke camp at Sheridan's ranch, forty miles north of Sheridan. He was expected to reach Birney early in the afternoon. Captain Williamson and the signal corps men left Sheridan yesterday for Birney, taking wire to connect the field forces with the telephone from Birney to Sheridan.

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the whole system strong and vigorous.

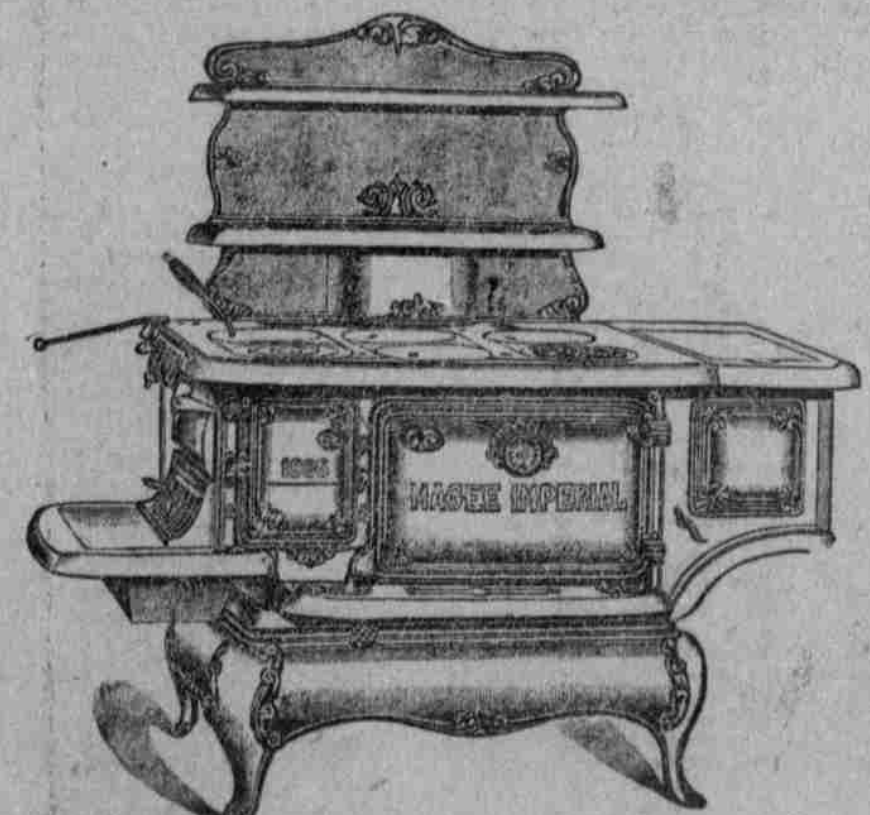

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases, I tried this medicine and found immediate relief. It soothes and strengthens the nervous system, drives away gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

VERMONT SON GETS OVATION

Brigadier General Lewis A. Grant Welcomed

TO HIS NATIVE STATE

Formal Reception of Commander of the Old First Brigade in the Civil War Held at State House Last Evening.

A notable reception was tendered late yesterday to a former Vermont, Brigadier-General Lewis A. Grant of Minneapolis, in the State House at Montpelier, on the occasion of a visit to the state of his birth. The House of Representatives chamber was crowded to the doors and many could not gain admission when a joint assembly of the two bodies was held to tender formally the welcome of the state of Vermont to one of her brave sons. Lieutenant Governor Prouty presided and appointed the following committee to escort the guest to the chamber: Senators Phelps of Windham and Mosely of Washington county, Representatives Mead of Rutland City, Heath of Warren, Baslow of Lincoln and Baker of Groton.

Lieutenant Governor Prouty then introduced United States Senator Proctor, who in turn presented the honored guest. Senator Proctor gave an appreciative sketch of the old First Vermont Brigade, the members of which were present in large numbers to assist in the welcome to their old commander.

Gen. Grant was given a genuine ovation when he rose to speak, and expressed himself as overwhelmed by the reception accorded him. He paid tribute to Vermont, a state very dear to him, and to which he was glad to come back and tribute also to the hardy, honest men of Vermont, not forgetting the officials and leaders of the state and as citizens who had held positions of trust and honor elsewhere. He dwelt at some length on military prowess demonstrated by Vermonters on many fields, and drew interesting word pictures of the movements of the Old First in close connection with Vermont and Vermonters, and their grateful participation in the glory of the occasion. He added his word of tribute to the Old First Brigade and its achievements, and to the valor of Vermonters on every field of battle. He offered a resolution of thanks to Gen. Grant and his comrades for their gallant services in behalf of the country and to the honor of their state. Adopted unanimously by a rising vote.

Ex-Gov. Orin Beebe, in a brief speech, presented the battleflag of the Old First Brigade to the state of Vermont, to be preserved under the expectation that it may be brought out and seen and carried by the old soldiers on any regimental or Grand Army occasion.

Gov. Proctor, accepting the flag for the state, responded briefly, expressing the gratitude and the sense of responsibility of the people of the state, promising that the flag should be duly honored and cherished.

Gen. Grant and the other guests were escorted to the executive chamber for the reception and the joint assembly dissolved. The members waited in their rooms while they were formally presented to General Grant, and then an informal reception was held in the executive chamber, at which all were given an opportunity to meet the guest. The regular meeting of the Officers' Reunion society was held last evening, and General Grant was there a guest of honor also.

"MISSING LINK" FOUND AGAIN.

Aboriginal Woman at Port Darwin Has Feet Like Hands.

London, England, Nov. 2.—The missing link has again been found. According to the Melbourne correspondent of the Chronicle, Professor Klatech has discovered an aboriginal woman at Port Darwin with feet like hands. The professor regards his discovery as being of tremendous biological importance.

HANDS LOOKED LIKE RAW BEEF

Terribly Inflamed, and Watery Matter Would Drop from Fingers—Had Doctor All Winter, But Grew Worse All the Time.

CURED BY CUTICURA AT EXPENSE OF \$3.75

"My hands broke out with eczema. One of the best physicians in this section treated me all winter till the next spring, but I grew worse all the time. I tried everything I could hear of. At last, in May, my husband happened to be in the store and saw the Cuticura Remedies, and as a last resort bought them. Cuticura Soap, Ointment, and Resolvent. I commenced taking them, and when I had used three bottles of the Resolvent and the Soap and Ointment to go with it, I was cured."

"My hands were so bad and inflamed they were purple and raw as meat, and when I held them down, watery matter would drop off the fingers. I used the Soap to bathe them in and applied the Ointment spread on linen cloths, in which I did them up. I did not have the doctor when I was taking Cuticura, but I began taking it in May, and before cold weather my hands were entirely healed. You may use this any way you please, and I hope it will help other sufferers as it did me. (Signed) Mrs. Abby A. Saus, West Danville, Vt., April 19, 1905."

KILLS WIFE AND HIMSELF

Connecticut Man, Mad With Jealousy,

COMMITTS TERRIBLE CRIME

Finding of Body Reveals the Tragedy—Five Orphans in House With Bodies—Neighbors Break Down the Doors.

Shelton, Ct., Nov. 2.—Following a quarrel between Charles Quana and his wife, late Wednesday night, the husband murdered his wife by cutting her throat with a razor and followed that up by committing suicide. The bodies were found in a bedroom in their home in Keen street, as the result of an appeal to neighbors by the 16-year-old daughter, Amelia, who said that she was unable to enter the chamber. The door was broken through and the bodies were found on the bed. The razor was on a table nearby.

According to the daughter, Amelia, her father and mother had quarreled continuously for years, and she had been entertained by her father of members of his wife's family.

Wednesday night the father and mother had a dispute over Amelia, and the mother took her four children away from the father and went upstairs. Late Quana said that he would forgive his wife and told her he wanted her to come down stairs alone, as he wished to tell her something which he did not want the children to hear.

Mrs. Quana went down stairs and with her husband entered their bedroom. As the mother did not come out again, the children went to sleep, but yesterday morning Amelia went to the bedroom and found the door locked. She called, but there was no answer. Not until several hours later was the tragedy revealed.

GREATER NEW YORK TO W. R. HEARST BY 100,000

Tammany Chief Murphy Says He Is Still Preaching "Regularly"—Doubts Croker Cable.

New York, Nov. 2.—Charles F. Murphy, Tammany chief, today said that he was still preaching "regularly" at Tammany hall today. He was reminded of the cable message sent by Richard Croker to Senator Patrick H. McCarran and questioned his genuineness.

"It is entirely contrary to the teachings and attitude of Mr. Croker all his life," said Murphy. "Mr. Croker as leader of Tammany hall taught me regularity, and always preached it. Tammany has always followed that instruction."

"Are you teaching regularity now?" "Are you still under the impression that the greater city will go for Hearst by a plurality of 80,000?"

"Yes, from 80,000 to 100,000."

JEROME TO ACT.

"John Doe" Proceedings Will Follow the Hearst Charges of Negligence.

New York, Nov. 2.—As a result of the letter sent Wednesday by William R. Hearst to Judge Otis A. Rosalke, charging gross negligence on the part of the members of the board of elections which resulted, he alleged, in the mutilation of petitions filed by candidates of the Independence league, McDonald de Witt appeared at the attorney's office yesterday, accompanied by witnesses to testify in support of Mr. Hearst's contention. All of the witnesses were heard by Assistant District Attorney Smyth, with a view to instituting "John Doe" proceedings at once. Mr. Jerome said that witnesses will swear to the depositions before Magistrate Whitman, whereupon summonses will be issued for the members of the board of elections in John Doe proceedings. It is expected that the members of the board will be examined before a magistrate today.

William R. Hearst arrived here yesterday on return home from his final upstate trip of the campaign. He was very hoarse, but said he felt very well. When informed that the Civil Service Reform association has announced that both Mr. Hearst and Mr. Hughes had been sent a letter, in which both candidates were asked to define their position in relation to civil service reform, Mr. Hearst said he had never seen the letter.

BRYAN ATTACKS CORTELYOU.

Says He Should Be Retired Instead of Advanced.

Lincoln, Neb., Nov. 2.—In an authorized statement, W. J. Bryan Wednesday night said that there are a great many people who believe Mr. Cortelyou should be retired from the cabinet instead of advanced. He said: "To advance Mr. Cortelyou to the treasury portfolio is, under the circumstances, a very poor way of 'backing words with deeds' when 'words' display the purpose to maintain publicity with respect to public affairs and to trust funds, and for the purpose also to maintain a square deal by requiring men who wrongfully acquire money to make restitution and otherwise pay the penalty."

SEE GUILD ONLY.

Republicans Continue Confident as Regards His Re-election Tuesday.

Boston, Nov. 2.—Republicans still hold their confidence in the result of the election Tuesday. At state headquarters it was declared that the "atmosphere is good." Round the hotels there was much the same talk. At the Quincy house the Moran men would concede nothing. They said it was "Moran" but would give no figures. Betting men who follow the horses were looking for an opportunity, but as one expressed himself to a reporter, "There isn't any money that I can see in sight." Very little bona fide betting, according to this authority, had been recorded yet in this peculiar campaign.

The Hospital

Thankful are They Who Escape The Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and a serious female trouble. The doctors said to get well I must have an operation performed, but I would not consent to that. I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains in my abdomen which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound. It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

Mrs. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every part of the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

OKLAHOMA AFTER 'EM.

Wheat Shippers File Complaint of Grain Freight Rates.

Washington, D. C., Nov. 2.—The territory of Oklahoma was the complainant in a case filed with the interstate commerce commission yesterday, alleging violations of the new railroad act on the part of every carrier doing business in Oklahoma. It is charged that the rates for transportation of wheat in earload lots for export from points in Oklahoma to Galveston are not just and reasonable, "but on the contrary are unlawful, illegal, unjust, unreasonable and extortionable." The complaint is signed by the attorney-general of Oklahoma.

GRAVE SUBJECT.

Opinion of Metcalf, Who Is to Look into Japanese Case on the Coast.

Oakland, Cal., Nov. 2.—Secretary Victor H. Metcalf of the department of commerce and labor has arrived from Washington. Today he will proceed to San Francisco, where he will begin his inquiry into the action of the San Francisco board of education in excluding Japanese and other Orientals from the regular schools and assigning them to a school set apart for Orientals. Secretary Metcalf said: "The administration considers this subject one of the gravest importance. Our treaty with Japan guarantees to that

SEA DUE TO DRY.

Southern Pacific Plugs Up Break in the Colorado River Bank.

San Francisco, Nov. 2.—The Salton sea will be doomed today. The officials of the Southern Pacific announce that the last steps have been taken and the Colorado river will be turned into its old course and no more water will flow into the great inland sea.

HE LOST \$1,500.

Harvard Student Myers Goes to New York to Have Pool Player Arrested.

New York, Nov. 2.—Edward F. Myers, who says he is a Harvard student living in Hastings hall, Cambridge, was the complainant in the west side police court against John McCormick of West One Hundred and Fiftieth street. He said that he came to New York last week to see the sights, and put up at the Fifth Avenue hotel. He made the acquaintance of McCormick, who said he was a Princeton man. They went for a walk together and engaged in a game of pool in the vicinity of Twenty-fourth street and Sixth avenue. The other man was the better player and won \$38 from Myers. The next morning they went to another pool room, when Myers says he lost \$1,500. Myers says McCormick then disappeared, leaving him with only enough money to get back to Cambridge. He returned Wednesday and complained to the police, who arrested McCormick. Magistrate Mayo held the prisoner for further examination.
